Remarks

This application has been reviewed in light of the Office Action of April 5, 2005. Claims 1-22 are pending. In response, claim 22 is amended in the suggested manner; and the following remarks are submitted. Reconsideration of this application, as amended, is requested.

The restriction requirement was a genus/species restriction requirement. Upon allowance of a generic claim, a reasonable number of species are to be examined and, if allowable, allowed. Applicant submits that withdrawn claims 3, 5, 7, 9, and 10 represent such a reasonable number of species, and requests that they be examined and allowed absent any sec. 112 issues, because they all depend from allowed generic claim 1.

Applicant submits that the application is in condition for allowance, and requests such allowance.

Respectfully submitted,

William Schubert
